Print2Flash Free Edition [2022-Latest]

What's New In?

Print2Flash Free Edition converts printable documents to Flash, HTML or SWF files, as well as PDF files. This handy utility can be used to create any type of HTML document, including documents in HTML, XML, RTF and DOC formats. You can even batch-convert files from other applications like Word, Excel and PowerPoint. The program also enables you to edit document pages, use it as an easy content search, change formatting and size, add hyperlinks and much more. Description: Fully featured offline PDF editor, fill, save as DOC or XLS, print...PDF or JPEG files in a jiffy. With the built-in PDF module, you can easily create, edit and save your PDF files from any MS Office application without worrying about making your changes available offline. The built-in Fill, Colorize and Insert Text module provides all the tools you need to create, edit and save PDF files. You can now easily fill PDF documents from any application. The PDF Fill module makes it possible to insert text or images, add drop shadows, shadows, reflows and even auto-text-align. The easy-to-use Fill Wizard helps you create PDF forms easily. You can apply one or more types of effects to any page element and also apply multiple styles to each object. You can even use the same effect to multiple pages, shapes or lines. You can now easily insert text and images to any page, at the desired location and in any desired font, style or size. The Insert Text module provides a full-featured text editor, enabling you to do all your word processing in your PDF documents. You can use the toolbar to change font, text size, text alignment, text wrap, graphics, images, link URL, and even edit text that has been inserted with the fill tool. Use the Invert Selection tool to restore text with inverted stroke direction. Using the Normalize option, the PDF Fill module preserves the original look of your images. With the colorize tool, you can easily change the colors of any object. The Fill Settings window provides you with many options to control the appearance of the text. Save PDF document to various file formats: JPEG, PNG, BMP, TIFF, WMF and PSD formats. The PDF Saver module enables you to save your PDF document as JPEG, PNG, BMP, TIFF, WMF, PSD, DOC, XLS and HTML files. Save your documents to various file formats: JPEG, PNG, BMP, TIFF, WMF and PSD formats. Description: The ZIP File Explorer is the most powerful, easy-to-use tool to open, create, compress and extract zip...file types. The program supports creating and extracting all archive types. The ZIP File Explorer enables you to create, open, extract and compress zip files without the need

System Requirements:
