Captain Winters now effectively commands the whole battalion. 6, "Bastogne", David LelandÂ .As the Germanwings co-pilot was flying the plane into a mountain, he'd probably been playing with his iPhone while eating the sandwiches and drinking the wine she made before going to bed. You can't blame him for that. As a society, we too have become addicted to our smartphones, sending 700 million text messages a day and countless numbers of pictures, videos and other content. It's no surprise people have fallen in love with their phones in recent months. While we're busy with our phones, we still need to be aware of the safety risks our devices can pose. Here are the common dangers of using our phones, plus some precautions and tips on how to keep our devices safe. Blocking calls and texts makes it harder for emergency officials to reach you No matter where we are, we should still be listening for emergency officials when we are in a car. If you have your phone on and know that you are about to start your drive and you need to call for help, you should have a voice chat app on your phone and be able to talk to another person. People are so used to answering the phone while driving that they don't realize how dangerous this habit could be. If you are driving, you should disable your auto-answer feature on your phone. Using your phone while driving puts you
